(caractéristiques techniques)

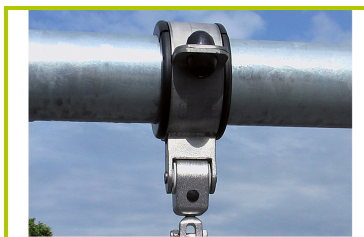

J480

1- **The 125mm diameter posts** are made of painted galvanised steel. The grained finish has a slightly undulating surface for increased scratch resistance.

2- **The horizontal beam** is made of non-painted galvanised steel.

3- **The anti-wrapping system** consists of polyamide parts and stainless steel collars. The swing bearings are made of stainless steel.

4- **The pod swing seat for early childhood** is made of polyurethane, which ensures a comfortable seating. The swing chains are made of stainless steel.

5- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
